G. Whereas, Samuel de Champlain and the native peoples both have key roles in our history, much of it little-known, and some inaccurately described; and

Whereas, the Samuel de Champlain Monument statue representation and its plaque's description prompt different reactions today than they did when installed in 1912; and

Whereas, the Samuel de Champlain Monument Working Group has asked the Common Council's permission to install an educational panel on City property in the park near Plattsburgh's Samuel de Champlain Monument, giving context to it and explaining misconceptions; and

Whereas, The Lake Champlain Basin Program has been consulted regarding the panel's design, ensuring that it will be consistent with other historic signage; and

Whereas, the group will find private sources for the approximate \$1400 needed to have the panel and frame manufactured and delivered; and

Whereas, upon receiving this gift offered by the Working Group, and in light of the educational and cultural benefits provided, the City of Plattsburgh Common Council commits to installing and maintaining the educational panel; and

NOW THEREFORE, Be it therefore resolved according to a request by Councilor Armstrong that the City of Plattsburgh Common Council authorizes the installation and maintenance of said educational panel in the Samuel de Champlain Monument Park near the Champlain Monument in a location recommended and constructed by the Department of Public Works for an estimated cost of \$1,000, paid for from the General Fund.
